4. The right of accepting or rejecting any tender is vested in the Conservator of Forests, Shimoga, who is not bound to assign any reason for accepting or rejecting the lowest or any tender. The successful tenderer is required to enter into an agreement with the District Forest Officer within a week from the date of receipt of intimation of the acceptance of his tender, binding himself to observe the following conditions, failing which the contract is liable to be cancelled and the earnest money forfeited to Government. The power of giving the contract to one or more persons is vested in the Conservator of Forests, Shimoga.

5. For the due fulfilment of the terms of contract, the successful tenderer should deposit in the Government Savings Bank, a sum of Rs. 250 as security (including the earnest money noted in condition 3 above) duly pledged in the name of the District Forest Officer, Shimoga. The amount is liable to be forfeited to Government for the breach of all or any of the conditions of the contract. The earnest money of unsuccessful tenderers will be returned to them by means of cheques.

6. The subjoined statement shows the kinds and quantities of Balagi poles to be cut and dressed in the Agumbe and Balehalli Forests and to be carted from there to the Wood Preservation Plant direct.

7. Separate rates should be quoted for collection and carting though the tender is for both the works.

*Conditions.*

(*b*) The trees so felled should be taken up in a serial order and dressing done properly and neatly by means of felling axes.

(*c*) While dressing, care should be taken to see that the poles are prepared according to the specifications fixed for each without allowing any useful portion to go to waste.

(*d*) The instructions given by the Local Range Officer in the matter of felling and dressing should be strictly adhered to.

(*e*) Payment for collection and dressing charges will be made once in a month, on bills certified by the Range Officer, Agumbe, for such of the poles as are certified by the Range Officer to be fit for supply and no amount will be paid on hollow or unsound poles or on those which are otherwise unfit. The claim for one full month should be prepared in one bill next month, and no part or belated claim will be admitted.

(*f*) Half the contracted quantity should be collected and dressed or barked before the end of December 1939 and the balance quantity before the end of February 1940. The contractor should show proportionate progress every week in the collection work. Failure on the part of the contractor to collect the poles, as noted above, entails the forfeiture of the whole or such portion of the security as the District Forest Officer deems fit. If the collection work of the contractor is slack during any fortnight and if in the opinion of the District Forest Officer, the contractor is not likely to discharge his obligations satisfactorily, the District Forest Officer will be at liberty either to cancel the contract at once, forfeit the security and make other arrangements to supplement the work at his discretion. Any extra expenditure which the department has to incur for this purpose will be made good by the contractor.

(*g*) All good and sound Balagi poles passed by the Range Officer, Agumbe, should be carted to the Wood Preservation Plant, Bhadravati, as noted in the annexed schedule.

The contractor should cart the proportionate number of contracted poles every fortnight so as to keep up a steady progress in the carting work. The contractor must be able to cart a large number at any time when called upon to do so. Failure on the part of the contractor to cart the poles, as noted above, entails the forfeiture of the whole or such portion of the security as the District Forest Officer deems fit.

If the carting work of the contractor is slack during any fortnight and if, in the opinion of the District Forest Officer, the contractor is not likely to discharge his obligations satisfactorily, the District Forest Officer will be at liberty either to cancel the contract at once, forfeit the security and make other arrangements for the carting or without cancelling the contract make additional arrangements to supplement the work at his discretion. Any extra expenditure which the department has to incur for this purpose will be made good by the contractor."

(*j*) No poles should be removed from the Forest without obtaining a passport from the Forest Range Officer or such other subordinate duly authorised by him.

(*k*) All poles for which passports have been obtained should be delivered in the Plant the latest within one month of the issue of such passes. (*l*) In the matter of consigning different kinds of poles from time to time, the contractor should abide by the instructions of the Range Officer.

(*m*) The contractor, during the currency of his contract, shall not take up any other similar contracts.

(*n*) The Range Officer at the beginning of each period mentioned in clause (*j*) will inform the contractor, in writing, of the number of poles available for carting.

(*o*) The contractor shall abide by the rules of the department as regards kindling of fire and hold himself responsible for any offence committed by him or his agents, employees or cartmen.
